ALUMNI REUNION - JUNE 7, 1947

ALUMNI BANQUET

Classes To Celebrate Anniversaries

Plans are under way to make the first real postwar reunion the "biggest and best." The alumni banquet will be held on Saturday evening as has been customary for the past number of years. Service will begin promptly at six o'clock, Central Daylight Saving Time. The meeting of the executive committee of the Alumni Association of Goshen College, held on April 24, made tentative plans for a shorter program than usual with plenty of time for informal conversation so as to make it a genuine "reunion."

George J. Lapp is observing the forty-fifth anniversary of his graduation from the Elkhart Institute by receiving the B.D. degree from the Goshen College Biblical Seminary. He will toast briefly for his class.

Other five- and ten-year classes include the thirtieth anniversary of 1917, the class in which President Miller graduated; the twenty-fifth anniversary of 1922, the class of Howard C. Yoder, recently returned from a year's service in relief work in Europe; the twentieth anniversary of 1927, the class of C. P. Martin, vice-president of the Association, and Elvin Snyder, now en route home from a long period of service in the Argentine; the fifteenth anniversary of the class of 1932, including Niemann Brunk, prominent wholesale distributor of produce at Frederick, Maryland, Dr. Robert L. Bender, of Elkhart, and others; the tenth anniversary of the class of 1937, planning a big reunion under the leadership of Charles Kreider, president; and the fifth anniversary of the young but enthusiastic class of 1942.

Presidents of the classes of 1932, 1937, and 1942 have written to the alumni office for the present names and addresses of the members of their classes. With all this planning and stirring, the 1947 reunion cannot fail to be of record-breaking proportions. This is one you cannot fail to attend.

New Rating Brings New Financial Problems

GOAL NOT YET IN SIGHT

Donations by alumni for the period from December 14, 1946, to April 17, 1947, total $6,993.01. This sum has been contributed by two hundred ten alumni. An interesting feature of the contributions this year is the increasing number of larger donations, ninety-one people having contributed sums of $20 and over. The largest check received was for $1,000. One alumnus contributed $400, one $300, two $250 each, four $200, ten $100, one $75, one $65, one $60, seventeen $50, one $40, one $35, three $30, thirty-six $25, twelve $20, five $15, thirty-one $10, twenty-nine $5, and the remaining contributors donated smaller amounts.

Remember, every gift is appreciated. The alumni office is especially interested in increasing the number of givers even though they feel able to contribute only a small amount.

The goal set by the Board of Directors for the current year is $26,000. We have not quite reached the halfway mark and there are less than four months to go to the end of the fiscal year, August 31, 1947.

Won't you please send in your contributions soon to help to swell the amount of the contribution by your class and also the percentage of donors in your class? These will be printed in the September issue of the NEWS-LETTER. Individual amounts will not be printed, simply class totals and names of donors.

EDITORIAL CHAT

In sending her first donation to the Alumni Association, one of the 1946 graduates writes: "The circular sent to alumni (I can hardly believe I am one of them!) set me thinking; I had not thought particularly about Goshen College entering into my tithe, but if other people can be brought to a fuller realization of Christ and Christianity as I was during my four years there, then it certainly should enter in. You can count on me for my tithe . . . . I shall never be able to express my gratitude to dear G. C. I count my time spent there as the happiest and most worth while of my life. May other students find the same joy and satisfaction there."

BENDER FAMILY TO GO TO EUROPE

Harold S. Bender 18, dean of the Goshen College Biblical Seminary and assistant secretary of the Mennonite Central Committee, will leave for Basel, Switzerland, in June where he will carry on activities in connection with the Peace Section of the M.C.C. He will be accompanied by his family, including Mrs. Bender (Elizabeth Horsch 18), Mary Eleanor 49, now a sophomore in Goshen College, and Nancy, completing junior high this year.

Dean Harold S. Bender

Dean Bender will be located at the M.C.C. headquarters house in Basel, Switzerland. Here he will establish a European center for the work of the Peace Section of the M.C.C. Part of his time will be spent in visiting Mennonite churches and conferences in various parts of Europe, including Switzerland, France, Holland, and Germany. It is hoped to establish in Basel a Mennonite Center where international Mennonite institutes and conferences may be held, and from which Mennonite literature may be distributed. A Mennonite library will be established and a modest program of Mennonite research and publication will be undertaken if time and resources permit.

In addition, Dean Bender will do some work for the **Mennonite Encyclopedia** of which he is one of the editors, and assist in the direction of Mennonite Relief Committee projects in Belgium, Poland, and Ethiopia. Mrs. Bender has been appointed official translator for the **Mennonite Encyclopedia** and will be engaged in translation of the **Mennonitisches Lexikon.** Mary Eleanor will be a student at the University of Basel.

Paul Mininger 34 will serve as acting dean of the seminary during Dean Bender's absence.

ON LEAVE OF ABSENCE

Three regular instructors in the College will be absent from the campus during the year 1947-48. Dean Harold S. Bender 18, as mentioned earlier in this issue, will be absent on leave for residence in Europe. Professor Paul Mininger will serve as acting dean of the Goshen College Biblical Seminary during Dean Bender's absence.

Professor Mary Royer 30 will be in residence at Ohio State University where she will be doing graduate work in elementary education looking toward the degree of Doctor of Philosophy. At present Miss Royer is teaching half time at the College and is devoting the other half to preparing Sunday-school materials for the Mennonite Publishing House at Scottdale, Pennsylvania.

Roy Umble 35, associate professor of speech, will of be absent on leave to do graduate work in the School of Speech at Northwestern University. His chief assignment will be the completion of his thesis on Mennonite preaching, with historical and critical essays and analyses.

NEW "Y" OFFICERS

On Friday morning, March 7, in a special chapel service, the student body elected officers for the Y.M. and Y.W.

Y.M.: Ralph Buckwalter 48, of Hesston, Kansas, president; Willard Krabill 50, of Louisville, Ohio, secretary; and Carl E. Yoder 49, of Fairview, Michigan, treasurer.

Y.W.: Mary Herr 48, of Hanover, Pennsylvania, president; Julia Smucker 50, Orrville, Ohio, secretary; and Fern Troyer 49, of Elkhart, treasurer.

The presidents are automatically also president and vice-president of the Y.P.C.A. The new officers began their term of service in April.

NEW FACULTY APPOINTMENTS

President Miller recently announced the addition of several new members to the faculty. Most of these are not merely replacements, but are additional members of the instructional staff made necessary by the increasing size of the student body.

Howard Charles, of Lititz, Pennsylvania, has been appointed instructor on the faculty of the Biblical Seminary. He holds two degrees from Goshen College, the Th.B. in 1940 and the B.A. in 1941; and the Bachelor of Divinity from Union Seminary in Richmond, Virginia. He is now studying at Princeton Theological Seminary and also serving as pastor of the Mennonite congregation at Lititz, Pennsylvania, who have released him to teach here next year. His work as instructor in Bible will include courses in the Gospel of John, New Testament Greek, and Introduction to Christianity.

Lester Zimmerman 47, of Conway, Kansas, has been employed as instructor in chemistry and mathematics to begin his service at Goshen College in September, 1947. Mr. Zimmerman completed two years of college work at Hesston and, after a period of service in C.P.S., completed the remaining two years at Goshen. He is a science laboratory assistant and an outstanding science student this year. He has been accepted for graduate study in chemistry at the University of Chicago and will begin his work there immediately after commencement.

Leland Bachman 38, who has been pastor of the Mennonite Church at Morton, Illinois, began work on April 1. He will spend the spring and summer in the field soliciting funds for the auditorium-gymnasium. In September he will succeed Miss Lois Winey 35 as Controller. The increasing interest in secretarial work among Mennonite young women has made it necessary to release Miss Winey for full-time employment as instructor in commerce. Mr. and Mrs. Bachman (Elsie Springer 26) and son are living in the Beck house newly acquired by the College, 1613 South Eighth Street.

Miss Phyllis Roose 46, who has been serving an internship as dietitian in State College for Women at

Denton, Texas, is employed to serve as College dietitian succeeding Christine Weaver 45 who has volunteered to serve as a missionary to China.

Lester Glick 48 is to succeed Nelson Springer 41 as manager of the Snack Shop in September. He plans to take two years to complete his course for the B.A. degree. Hence he will be a part-time student, and in addition to his duties as manager will solicit both funds and students for the College. Mr. Glick was a member of the starvation unit at the University of Minnesota during his service in C.P.S. Since that time he has spent a number of months visiting churches in the interests of Mennonite relief work.

DIRECTOR OF MENNONITE RESEARCH

Melvin Gingerich, Ph.D., 26, Professor of History at Bethel College, has accepted a call to serve as director of research for the Mennonite Research Foundation established at Goshen by the Mennonite Board of Education.

Professor Gingerich has resigned his position at Bethel College, effective at the end of the first term of the summer session in July, 1947, and will move to Goshen with his family sometime during that month.

The Mennonite Research Foundation is a semi-autonomous organization chartered by the Mennonite Board of Education. Under the direction of the Board, the Foundation will carry on a program of research in Mennonite history, faith, life, and related problems.

The Mennonite Board of Education, at the annual meeting in February, appointed a board of seven directors. The officers of the board are: Paul Erb, Scottdale, Pennsylvania, chairman; E. E. Miller 17, vice-chairman; H. S. Bender 18, executive secretary; and A. J. Metzler, Scottdale, Pennsylvania, treasurer. The remaining members of the board are Milo Kauffman, of Hesston, Kansas, John L. Stauffer of Harrisonburg, Virginia, and S. C. Yoder, of Goshen. O. O. Miller 15 will serve as the liaison officer with the Board of Education.

The organization has leased space for headquarters offices in the "Beck House" on South Eighth Street, recently purchased by the College, and will enjoy for its purposes the facilities of the Goshen College library including the Mennonite Historical Library.

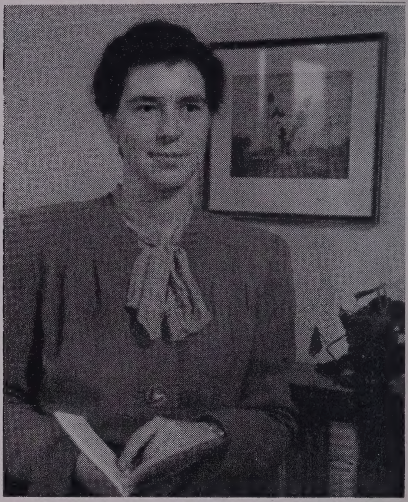
The Foundation will undertake research projects at the request of other Mennonite Church organizations, or on its own initiative. These projects will be sponsored and financed either by the Foundation or jointly with other organizations. The results of the research may be published either as publications of the Foundation or by other church agencies. The finances of the organization will be secured from grants and donations.

GOSHEN ALUMNI ON EUROPEAN STUDY TRIP

Four members of the 1947 graduating class of Goshen College and two recent graduates will be among the twenty-eight students from Mennonite colleges who will make during the summer months a European study trip under the sponsorship of the Council of Mennonite and Affiliated Colleges. The group will include representatives from Bethel, Tabor, Hesston, Freeman, and Messiah Bible College along with those from Goshen, and will be accompanied by Lloyd Ramseyer, president of Bluffton College, and Lois Gunden 36, professor of French at Goshen College.

The six Goshen representatives will include Mary Kay Nafziger 47, Hopedale, Illinois; Mabel Brunk 47, Goshen; Alice Liechty 47, Albany, Oregon; Elaine Sommers 47, Kokomo; Daniel Miller 45, Akron, Pennsylvania; and Paul Lederach 45, Lederach, Pennsylvania. These students were selected on the basis of their expressed sympathy with the objectives of the trip, their ability to secure funds for paying their own expenses, and their qualifications and training for contributing to the success of the trip.

According to present plans, the group will sail about June 15 and return about August 15. The itinerary for these two months includes short periods in France, Switzerland, Italy, Belgium, Holland, and possibly Germany. The more extended visits will be among the Mennonites of France, Switzerland, and Holland. In Holland the group will be enrolled at the University of Leyden for a two-week series of lectures conducted in English.



Lois Gunden

The trip was planned with the following objectives in mind: to create a sympathetic interest in the problems, customs, and living conditions of the countries visited; to study the European foundations of the Mennonite Church and to increase the understanding between European and American Mennonites; to gain insight into the destructiveness of war and its inadequacy to settle differences; to witness relief work in action at our relief center in Europe, and to become informed concerning the relief needs still existing: to endeavor in every contact to carry to the people of Europe the warmth of Christian love and the inspiration of Christian fellowship; and to carry back to our home communities the challenge of such a venture in promoting mutual understanding on the basis of Christian love.

ALUMNI JOIN IN STUDY OF EVANGELISM

The second annual Conference on Evangelism and Missions, sponsored by the Goshen College Biblical Seminary, was held in Goshen College Assembly Hall on Friday and Saturday, April 18 and 19. This is not a mass conference in the generally accepted meaning of the term, but a study group of invited leaders to inform themselves about current trends and to meet problems arising out of changing conditions. About forty ministers were present in addition to the local ministers and the faculty members and students of the Seminary.

The program opened on Friday morning with two addresses: "What Should Be the Purpose and Goal of our Evangelistic Program?" by Paul Mininger 34, and "What Are the Present Handicaps to an Enlarged and More Effective Evangelistic Program and How May They Be Overcome?" by Milo Kauffman, of Hesston, Kansas. Jesse B. Martin x26, of Waterloo, Ontario, delivered the Chapel Address, "Releasing the Power of God Through Ourselves."

The study continued on Friday afternoon with two more addresses: "What Is the Extent of the Obligation of the Mennonite Church in Evangelism in America?"—(1) "In the Outreach of the Home Congregation," by Nelson Kauffman, Hannibal, Missouri; (2) "In Fields Now Unoccupied by the Mennonite Church (Urban and Rural)," by C. F. Derstine, Kitchener, Ontario.

The Friday evening session turned to foreign missions: "What Shall Be the Place of the Native Church in Our Mennonite Foreign Mission Program?" E. E. Miller 17, of Goshen, gave "The Historical Background of the Problem" and J. D. Graber, of Elkhart, closed with "The Ideal for the Mennonite Church."

The Saturday morning session continued the study of missions under the general topic: "The Foreign Missions Program of the Mennonite Church," John H. Mosemann, of Goshen, speaking on "What Shall Be the Commitment of the Mennonite Church in Fields and Workers in Its Foreign Program?" and E. C. Bender, of Elkhart, on "How Shall the Mennonite Church Secure Finances and Workers for Such a Program?"

The subject, "How Can the Mennonite Church Be Moved to Meet Its Obligation Effectively in the Program of Evangelism and Missions?" ably presented by Allen Erb 10, of La Junta, Colorado, on Saturday afternoon, brought to a fitting close the two-day period of earnest study.

In each session, open discussion followed the addresses. Discussion leaders included Milton Brackbill, evangelist, of Paoli, Pennsylvania; A. J. Metzler and Paul Erb, of Scottdale, Pennsylvania; Oscar Burkholder, of Breslau, Ontario; C. Warren Long 29, Peoria, Illinois; C. K. Lehman, Harrisonburg, Virginia; and Henry F. Garber, Mt. Joy, Pennsylvania.

The addresses delivered at this conference were prepared as papers for later publication. President Ernest E. Miller has granted a subsidy in the regular college budget for the printing of these addresses as well as those of the first conference held a year ago. Papers presented at the first conference are now ready for publication.

SUMMER SERVICE UNITS

O. O. Miller 15, executive secretary of the M.C.C., has prepared an attractive pamphlet explaining the various forms and units of Voluntary Service for 1947: summer units in Cleveland State Hospital, Colorado State Hospital, at Pueblo; Pennhurst near Philadelphia; M.C.C. Headquarters at Akron, Pennsylvania, and Gulfport, Mississippi. The booklet also describes certain winter units and opportunities for service for a one-year period.

Laurence Horst B.A. 45, Th.B. 46, who is on the instructional staff at Hesston College, is director of summer service units sponsored by the Mennonite Relief Committee. In his recent report of the work during the summer of 1946, he stated that thirty Mennonite young people volunteered to serve Christ and the church in the service unit program during that period. They served in six states, twenty-two summer Bible schools, many Sunday schools and prayer services. They visited homes, made community surveys, opened one Sunday school, and in connection with their other work, labored hard at tasks considered menial, such as painting, washing dishes and clothes, scrubbing floors, weeding gardens, cooking meals, mowing lawns, cleaning churches, and other similar tasks.

Mr. Horst reports that to date there are tentative calls for twelve units for this coming summer, and there is a possibility that there will be several other openings.

These units, one outcome of C.P.S. experience, mark a new era in the service program of the Mennonite Church and present a challenge to Goshen College students and alumni to put to practice the motto of their Alma Mater: "Culture for Service."

PLANS FOR MISSION WORK IN CHINA

Bishop J. D. Graber 25, of Elkhart, who left New York, November 20, 1946, for a visit to the relief workers in Ethiopia, the American Mennonite Mission in India, and the relief work in China, returned home on April 4. He attended the annual meeting of the India Mennonite Mission at Dhamtari, February 11 to 13, in which fourteen Indian brethren and sisters participated as fully accredited members. He also was present at the baptism of several young men whose baptism had to be postponed because their decision to become Christians had resulted in a near riot.

From China he wrote on March 10: "One area is apparently wide open for us to begin work. So many people urge us to enter. They not only ask; they beg. . . . Another area is almost inaccessible. We cannot find an interpreter to go along, as they are scarce now since most down river folk have gone back. Also, the boats do not stop at the right place and we would have to do forty miles across mountains on foot where there are rumors of bandits. So we conclude we do not need to make that trip now . . . . This other field is very large and is untouched—so we will not have any difficulty in finding plenty of work." He left Shanghai on April 1 by plane.

Plans are materializing for the opening of mission work in China. Mr. and Mrs. Don McCammon B.A. 45, Th.B. 46 (Dorothy Snapp 44), who are enrolled at Cornell University studying the Chinese language and taking courses in agriculture, will be among the first American Mennonite missionaries to enter the new field. Some of the relief workers sent to China earlier by the Mennonite Relief Committee will continue under the Mission Board after their term of relief service is over. Relief and mission work will go hand in hand in China.

Since his return Mr. Graber reports a needy and open field for mission work in the Hochwan area about fifty miles north of Chungking. Another field in southeast China in the Kiangsi Province with the town of Linchwan as the center is likewise open. Political factors and unhampered opportunity to serve and witness are in favor of the western area, while ease of access from the coast cities and probable responsiveness are in favor of the eastern location. Mr. Graber hopes that the first missionaries to China can be sent next summer. He feels certain that by that time the choice of field will be decided.

THIRD MISSIONARY CONFERENCE

Bishop J. D. Graber 25, secretary of the Mennonite Board of Missions and Charities, 1711 Prairie Street, Elkhart, is planning a third missionary retreat conference to be held at Goshen College, June 17 to 22. The conference is intended to foster the missionary spirit, to give missionary information, and to bring prospective workers in touch with the Board.

Missionaries on furlough, board members, and other church leaders appear on the program. Dr. E. A. Nida, of the Wyclif Translators, will lead the Saturday afternoon retreat and will address three public sessions on Sunday, June 22. The "Mission News Bulletin" of April 11 invites young people with missionary interests to write to the secretary for information and application blanks.

ORDAINED ASSISTANT PASTOR

On January 26, at the Orrville Mennonite Church, Harold Bauman 46 was ordained to the Christian ministry to serve as assistant pastor to I. W. Royer 00 who has been pastor of the congregation for more than thirty-five years. A. J. Steiner 00, the officiating bishop, was assisted by Bishops Reuben Hofstetter w42, of Kidron, Ohio; J. S. Gerig, of Smithville; and Paul Miller, of Walnut Creek. Harold S. Bender 18, dean of the Goshen College Biblical Seminary, also had a part in the service. Mr. Bauman will take up his duties in June following his completion of the Th.B. course at the College.

RELIEF WORK IN BERLIN

Mr. and Mrs. M. C. Lehman 04 (Lydia Liechty 05) are living in Berlin, Germany, where Mr. Lehman is connected with the Religious Affairs Section, of the Education and Religious Affairs Branch of the Internal Affairs and Communications Division. Their address is APO 742, c-o Postmaster, New York City, New York. They are especially concerned about the needs for relief help of the three hundred members of the Berlin Mennonite Church scattered all over the city, at present without a pastor, and being led mainly by Eric Schultz, a Mennonite layman.

In March they were given the names of one hundred Dutch people living in Berlin who are in real need. The Dutch government has co-operated with their work so well in Holland and Berlin that they are happy to look after the relief needs of these Dutch people. Mennonites in Germany are asking about the possibilities for scholarships for Mennonite boys and girls who would like to take up medical work and do not have the funds to do so.

At the Berlin center there are two rooms to house Mennonite refugees who trickle in. After a week or so they are transported into the British zone.

Mr. Lehman spent two weeks in February in the American zone meeting pastors and other church leaders. In March he left for another two weeks' trip. His work extends over the entire American zone and sector of Berlin. The Lehmans keep in frequent touch with Robert Kreider's M.C.C. work and office in Berlin.

ANOTHER PROMOTION FOR MEYER

The Office of Information of the U. S. Department of Agriculture in a special bulletin in December announced the promotion of E. A. Meyer 20 to the position of Assistant Administrator in the Production and Marketing Administration.

Mr. Meyer has received a number of promotions. He entered government service in October, 1941, as a consultant on canned foods with the Office of Production Management. In March, 1942, he became chief of the Canned Foods section of the War Production Board and was named Assistant Director of the Food Division of W.P.B. the following August. He became chief of the War Food Administration's Industry Operations Branch in September, 1943, and associate chief of the Fruit and Vegetable Branch in March, 1944. He was named chief of this branch in August, 1944.

In 1945, when the Production and Marketing Administration was formed, Meyer continued as director of the Fruit and Vegetable Branch and served in this position until he was promoted to assistant administrator.

Mr. Meyer entered the food-processing business in 1920 with the C. H. Musselman Canning Company after his graduation from Goshen College and was with that company from 1920 to 1941 in production, sales and distribution.

Mr. Meyer's present appointment means that he will be one of the prominent men in the administration of the new Research and Marketing Act of 1946 which authorized the expenditure of many millions of dollars for each year until 1950 in the field of agricultural research.

It is under the provisions of this act that Richard Smoker A.A. 44 is doing agricultural research for the Indiana Farm Bureau Co-operative Association with offices in Indianapolis.

ALUMNUS RECEIVES PROMOTION

On April 5, President Truman appointed Dr. O. Benjamin Gerig 17 as Deputy United States representative in the Trusteeship Council of the United Nations.

Dr. Gerig is chief of the Division of Dependent Area Affairs in the State Department, with which he has been associated since 1942. In his new position he will assist Francis B. Sayre, chief United States representative on the Trusteeship Council.

Dr. Gerig, son of Bishop Jacob S. Gerig, of Smithville, Ohio, was a member of the Information and Mandate section of the League of Nations Secretariat from 1930 to 1939. He was Professor of Government at Haverford College in 1940 and joined the State Department in 1942.

GOES TO HESSTON

Paul E. Yoder x38, son of Mr. and Mrs. Edwin Yoder, of Albany, Oregon, and at present superintendent of the Mennonite Gospel Mission at 2236 N.W. Savier Street, Portland 10, Oregon, has been employed to teach science at Hesston College next year. Mr. Yoder discontinued his work at Goshen College in the spring of 1938 to enter Oregon State Medical School. After a semester of successful work in that institution he decided to discontinue his medical course to enter full-time Christian work. Mr. and Mrs. Yoder (Flossie Lehman 37) have been superintendent and matron of the Mennonite Gospel Mission for several years. Mr. Yoder was granted the B.A. degree at Goshen College in the spring of 1946. They will move to Hesston in August.

APPOINTED ASSISTANT EDITOR

J. Richard Blosser x37, who has been associated with **The Mennonite Weekly Review** since May, 1946, has been appointed assistant editor by the Board of Directors of the Herald Publishing Company. He went to Newton from Akron, Pennsylvania, where he was connected with the publicity department of the Mennonite Central Committee.

Mr. Blosser made an excellent record during his student days at Goshen College and also during his association with the M.C.C., after he was drafted into Civilian Public Service. His association with **The Review** should help to strengthen and enlarge the service of that publication which is reaching a growing family of readers under the expert management of the editor, Mr. Menno Schrag, who was a classmate at Hesston College of C. L. Graber, business manager of Goshen College. Mr. Schrag is in Europe at present.

OPENS DENTAL OFFICE

In January, Dr. Kermit R. Bechtel, D.D.S. x43, announced the opening of his office for the practice of general dentistry in Room 41 of the Shoots Building in Goshen. Dr. Bechtel is the most recent Goshen alumnus to take up the practice of dentistry in the city.

ALUMNI STRENGTHEN COMMERCE DEPARTMENT

Mrs. Don McCammon (Dorothy Snapp 44), now a student in Cornell University at Ithaca, New York, has headed a project for supplying the commerce department with funds for small items of equipment and supplies not covered by the regular college budget. The regular college budget allots six hundred fifty dollars for cupboards and stenographers' chairs during the current year, but former secretarial students have felt that Miss Winey should have additional funds. In response to Mrs. McCammon's letter thirty-six people have placed one hundred eighty-one dollars at Miss Winey's disposal.

FOREIGN STUDENTS GATHER ON GOSHEN CAMPUS

A conference for foreign students attending Mennonite and affiliated colleges was held at Goshen College on Friday evening, Saturday, and Sunday, May 9, 10, and 11. The conference was sponsored by the Council of Mennonite and Affiliated Colleges, composed of the presidents of Mennonite and Brethren in Christ colleges in the United States.

In the Friday evening, Saturday forenoon, and Saturday afternoon sessions, held in Adelphian Hall, the foreign students sought to evaluate the educational and cultural experience of the past year. On Saturday evening they held a banquet in the College Dining Hall, Dean Viola M. Good presiding as toastmistress, and President Lloyd Ramseyer, of Bluffton College, speaking on his contemplated trip to Europe this summer.

In the Saturday evening meeting, open to the public, the subject, "The Mennonite Church in the World," was discussed. At a vesper service in Assembly Hall on Sunday afternoon, Bishop J. D. Graber 25 spoke on the subject, "The Christian Church in the world." Foreign students were present at the conference from Bethel, Bluffon, Freeman, Goshen, Hesston, Messiah Bible, and Tabor Colleges, and from Eastern Mennonite School.

The local student committee in charge of arrangements was Adolfo Comba, of Italy; Lenze Meinsma, of Holland: and Gladys Kemp, of Lebanon. The local faculty committee was Dean Levi Hartzler, Dean Viola Good, and Professor Roy Umble. Jan Matthijssen is president of the local foreign students' society known as the Intercultural Club.

Summary of the Debate Activities

Debate season began with a practice debate at Manchester on January 8. The biggest event of the season was the squad's participation in a two-day tournament at Indiana State Teachers College at Terre Haute on February 28 and March 1. On March 22 the varsity traveled to Anderson College and on March 25 Houghton College of New York sent two teams to Goshen. The last of the actual debates was held at Eureka College on April 1 in connection with the tour of the Collegiate Chorus. The season closed with a symposium on the local platform with Manchester College. Elaine Sommers and Don Berry represented Goshen.

The squad this year consisted of the veterans Elaine Sommers, of Kokomo; Don Berry, of Goshen; Lois Yake, of Scottdale, Pennsylvania; and John H. Yoder, of Wooster, Ohio. Newcomers on the squad were Albert Meyer, of Sterling, Ohio; David Shank, Goshen; John Snyder, Hespeler, Ontario; Mervin Yoder, Clarence Center, New York; Robert Stoltzfus, Aurora, Ohio; Ernest Martin, Columbiana, Ohio; Kenneth Walker, Syracuse; Paul D. COLLEGE REPEATS BUSINESSMEN'S DINNER

A committee appointed by President Miller has sent out invitations to approximately four hundred Mennonite businessmen for the second annual banquet to be held in the College Dining Hall on the evening of May 17. Last year approximately two hundred twenty-five Mennonite laymen responded to the invitation with their presence.

A few more invitations have been sent out this year and an interesting program has been planned for the event. Many of those present at last year's meeting considered it an outstanding meeting of Mennonite laymen. Miss Christine Weaver 44 has prepared an interesting menu and C. L. Graber, chairman of the committee on arrangements, is arranging an interesting program in co-operation with the speech and music departments of the College.

COLLEGE ACQUIRES BECK HOME

In February, President Miller announced the purchase of the property at 1613 South Eighth Street by the College. Alumni will remember this residence as the former Beck home one block north of the campus on the left side of Eighth Street. It remains today in its original style, typical of the houses built at the turn of the century with its old-fashioned, high ceilings, downstairs rooms, and windows of various sizes.

The upstairs can be arranged as a cozy apartment. The high ceilings and the proximity of the building to the College campus would make the downstairs rooms suitable for classrooms. At present Mr. and Mrs. Leland Bachman 38 (Elsie Springer 26) and family are living in the house.

COLLEGE CONGREGATION CABIN

A number of alumni are interested in a new project sponsored by the Young People's Class of the Goshen College Sunday School. The project was approved by the annual meeting of the congregation last fall, but has been delayed because of war restrictions.

The purpose of the cabin is to provide a place for Sunday-school class socials, junior activities, sewing circle meetings, family reunions, and similar gatherings. Plans call for the erection of a cabin, 28 x 46. The basement will include a boys' workshop, a girls' room, and a recreation room, 20 x 28; the main floor, a main room, 28 x 36, a kitchen, 10 x 11, and a sewing room, 10 x 11.

The cabin is to be erected on three acres of land across the tracks southeast of the heating plant. This land can be used only for the erection of this cabin and other recreational purposes. The College owns seven acres between the three-acre plot and the railroad. The estimated cost of the cabin is to be $3,750. Dr. S. C. Yoder is teacher of the Young People's Class sponsoring the project.

MENNONITE NURSES MAGAZINE

Mennonursing, the magazine which has served to unite the interests of the nurses throughout the Mennonite Church, changed its name with the April issue to **The Christian Nurse.** The subscription rate is fifty cents per year. Subscriptions should be sent to Mrs. Samuel Bucher, Harman, West Virginia.

The mixed chorus at the Kidron, Ohio, Mennonite Church, organized during the past summer by Raymond Troyer 37, of West Liberty, Ohio, has been giving a number of programs in surrounding Mennonite churches under the direction of Mrs. Frieda Amstutz.

The following is an excerpt of a letter written by Winifred Erb 46 who is teaching at Johnstown Mennonite School: "We have one hundred and twenty-five pupils in our school this year. I have forty-eight in grades five to eight. That is quite a few, but I can relax each day when I teach Latin I and English III in the high school. I also teach Girls' Gym twice a week. Our building is a new one, so new that it is not yet finished, but we appreciate it more when it is completed gradually, I believe."

Nora x23 and Irene Eschliman 33, of Orrville, Ohio, have accepted a three-year assignment under the M.C.C. in the Philippine Islands. Their address is Box 52, Vigan, Ilocos Sur, Philippine Islands.

Naomi R. Hershey, R.N., x44 is continuing her work as a trained nurse. Her home address is Kinzers, Pennsylvania.

Class Reunions

On Saturday several classes held reunions. At the breakfast held by the Class of 1932 at the College Cabin on June 7, sixteen members were present. The class decided to initiate a continuing project to purchase for the College symphonic instruments for instructional purposes. It was this class which purchased the Orthophonic in 1932 as the class gift and replaced it with the new Orthophonic in 1942 on the occasion of their tenth anniversary. Niemann Brunk, president of the Frederick (Maryland) Produce Company, is president of the class and Dr. Robert L. Bender of Elkhart is chairman of the purchasing committee. Professor Jacob Sudermann has been active in promoting this project.

The class of 1942 had a large and enthusiastic reunion at the same place on Saturday afternoon. The class of 1937 spent the day at the Schrock cabin at Lake Wawasee. Mr. and Mrs. Lyle Yost flew their Cesna plane from Hesston, Kansas, in five hours. Mrs. Ralph Greener (Mary Ellen Esch) was present from Elizabeth, New Jersey, and Dr. and Mrs. Charles Neff, from Street, Maryland.

The Class of 1922 had expected to hold a big twenty-fifth reunion but a number of the members were unable to be present. Mr. and Mrs. Raymond J. Schertz and two of their sons motored to Goshen from Metamora, Illinois, where Mr. Schertz is cashier of the Metamora State Bank.

The Class of 1927 had decided to make their twenty-fifth anniversary the large one but several members were present for the twentieth: Dr. Delmar Hershberger, R. C. A. researcher from Princeton, New Jersey, and C. P. Martin, president of the First Old State Bank of Elkhart.

The Class of 1902 did not hold a reunion but nearly all the surviving members of the class wrote letters to Bishop George J. Lapp, who toasted for the class at the Alumni Banquet on Saturday evening.

Following is a complete roster of the class as arranged by Bishop Lapp:

Living members:

Mrs. Ray Baumgartner (Elizabeth Hansacker), Martinsburg, Pa., homemaker.

Walter B. Christophel, M. D., Mishawaka, Indiana, physician (retired).

Mrs. W. B. Christophel (Alta Kurtz), homemaker and church worker.

Solomon F. Gingerich, Ph.D., Eureka Springs, Arkansas, formerly professor of English, University of Michigan (retired).

Mrs. Jacob C. Landis (Fannie Coffman), Elkhart, Indiana, homemaker.

Mrs. E. F. Lickey (Pearl Shafer), Pleasant Ridge, Michigan, homemaker and secretary.

Catherine Malick, Elkhart, Indiana.

Mrs. Martin Moore (Barbara Leaman), homemaker.

Mrs. R. J. Miller (Lydia Belle Stutzman), Gary and Chicago, homemaker and grandmother.

Mrs. W. J. Mitchell (Lydia Ellen Schertz) 332½ Clay Street, Los Angeles, California, homemaker, formerly foreign missionary.

Mrs. Ezra Mullet (Anna Christophel), Wayland, Iowa, minister's wife and homemaker.

Mrs. I. R. Detweiler (Bertha Zook), missionary, pastor's wife, homemaker.

Mrs. D. S. Gerig (Bessie Landis), Goshen, teacher, city missionary, homemaker.

Mrs. Menno Nahrgang (Amelia Bergey), Ontario, Canada, school teacher and homemaker.

Edward E. Hansacker, teacher, registered pharmicist, manager of drug stores in Waynesfield and Lima, Ohio.

Lilly Minnich, teacher in Iowa and Virginia.

Mrs. Daniel S. Oyer (Frances Zook), teacher and homemaker.

Present at the alumni reunion on June 7 beside Bishop Lapp, was Albert B. Rutt of Chicago, accompanied by Mrs. Rutt. Bishop Lapp said of himself "for forty years I had not had the opportunity to pluck the American Eagle to feather my nest. . . . My own motto considering the retarded speed with which I have achieved somewhat is not 'sailing along' but 'snailing along'," however, Bishop Lapp is making a large place for himself in the life and work of the Church and of Goshen College and is a highly respected and admired minister and teacher.

The general events continued at 1:30 on Saturday with an informal musicale in Assembly Hall. Professor Walter E. Yoder, in charge of the program, called on a number of soloists and representatives of the various musical organizations on the campus. The quality of the program proved its worth as a regular part of the commencement season. The remainder of the afternoon following three o'clock was devoted to athletic events.

Alumni Reunion and Banquet

Three hundred fifty alumni assembled in the College dining hall on Saturday evening for the annual reunion. The committee in charge of arrangements for the event were Jacob Sudermann 31, chairman; Christine Weaver 44 (menu); Mary Oyer 45 (printing of program); Lois Gunden 36, Miriam Stalter 41, and Roy Umble 35. The tables were tastefully decorated with sprays of lupine. Miss Weaver, college dietitian, served one of her famous dinners to the satisfaction of all the guests.

Final Chapel Service

President Miller and the officials of the "Y" had charge of the final chapel service and Y. P. C. A. devotional, on Monday morning. This meeting has come to be considered one of the high spots of the commencement season. Several alumni spoke in high terms regarding their appreciation of the training received at Goshen College and its potency and significance for their present work and activities.

On account of the large number of guests present most of the local residents ate lunch at home, but a large number of visitors, alumni, parents and friends of the graduates and others enjoyed the annual college luncheon, served cafeteria style in the College Dining Hall.

The luncheon program in Assembly Hall was in charge of Professor Roy Umble. The program consisted of remarks by a number of students and by parents of members of the graduating class. The Junior ladies quartet sang several numbers and Raymond Troyer 37, music instructor in the West Liberty, Ohio, schools, sang a baritone solo.

Commencement Exercises

To the disappointment of the Senior Class the commencement exercises on Monday evening were held in the Goshen High School Auditorium, the size of the class and the large number of visiting relatives and friends and alumni making it impractical to hold the event on the campus. Even the gymnasium would not have accommodated the large audience.

Dr. Clarence Edward MacCartney, minister of the First Presbyterian Church of Pittsburgh delivered the commencement address on the subject "The Greatest Thing in Man." Dr. MacCartney proved a dynamic, interesting speaker. Stepping away from the microphone, he sent his voice ringing to the corners of the auditorium, seemingly without effort.

His address was replete with crisp metaphor and apt illustration. "The greatest thing in man," according to Dr. MacCartney, is his conscience. In a well prepared address he spoke of the power, the punishments and the rewards of conscience. "The price of a good conscience," said he "is high, but the rewards are worth the investment."

At the close of the address Dr. Carl Kreider 38, dean of the college, presented the ninety nine graduates from the liberal arts and teacher training courses and Dr. Harold S. Bender 15, dean of the Goshen College Biblical Seminary, the eleven graduates from the Bible courses.

In conferring the degrees, President Ernest E. Miller gave special recognition to Reverend Calvin F. Snyder and to George J. Lapp 02. President Miller closed the program with fitting remarks to the graduates, appealing to them to uphold the motto of the College, "Culture for Service," by dedicating their lives and energies to Christ and the Church.

ANNUAL ALUMNI BUSINESS MEETING

The Board of Directors of the Alumni Association met on May 17 to arrange for the annual reunion and banquet, to prepare the slate of officers and to transact the business of the association.

Levi Hartzler 35, Olive Wyse 26 and Howard C. Yoder 22, were reelected members of the board of directors. New members are Leland Bachman 38 and W. H. Smith. The Class of 1947 nominated Howard Kauffman.

New President of Alumni Association

Clifford P. Martin 27, was elected president to succeed John Umble 01, who has served since 1941. Mr. Martin had rendered able service as president of the association during several previous terms from 1938 to 1941. Leland Bachman 38, newly appointed Controller of the College to succeed Miss Lois Winey 36, was elected vice-president. Silas Hertzler 13, and Levi Hartzler 35, were re-elected secretary and treasurer respectively. These four, with Olive Wyse 26, who also was re-elected, serve as the executive committee of the Board of Directors. Howard C. Yoder 22, was elected alumni representative on the Mennonite Board of Education for a four-year term.

It was decided that the income from the $10,000.00 Alumni Endowment Fund held in perpetual trust by the Mennonite Board of Education should be added to the Board's regular budget for the Goshen College Library.

The President reported that it is expected that the class lists, including occupations and addresses of the alumni, will be ready for the Golden Anniversary Directory of Goshen College Alumni before September of this year. The alphabetical index containing the names of all alumni, and also the names of wives or husbands of alumni was sent to the printer in May.

The Board voted to print the ALUMNI NEWS LETTER six times a year instead of four time a year as has been the practice during the past several years. John Umble was re-elected editor of the Alumni News Letter.

At the meeting of the Association on the evening of June 7 the above transactions of the board were accepted and ratified by unanimous vote of the members present.

EDITORIAL CHAT

For more than four years the editor of the NEWS-LETTER, who has also been reelected annually to the presidency of the Alumni Association of Goshen College, has campaigned actively for a distribution of responsibility in the affairs of the Association and a wider representation on the Board of Directors and its Executive Committee.

These efforts are bearing fruit. Two years ago J. Forrest Kanagy 30, purchasing agent for the C. H. Musselman Canning Company at Biglerville, Pennsylvania, and an active lay member of the Bethel Mennonite congregation near Mummasburg, Pennsylvania, was elected to succeed Silas Hertzler 13, as a member of the Mennonite Board of Education for a four-year term. The latter had been serving as secretary of the Board of Directors of the Association and member of the Executive Committee as well as member of the Board of Education. In more than twenty years Kanagy was the first lay alumnus (who was not also a member of the faculty of Goshen College) to represent the Alumni Association of Goshen College on the Mennonite Board of Education.

This year the Board of Directors took additional steps in the direction of distribution of responsibility and wider representation by electing Clifford P. Martin 27, president of the First Old State Bank of Elkhart, to the presidency of the Association and Howard C. Yoder 22, to membership on the Mennonite Board of Education for a four-year term. The latter recently returned from a period of service as director of European relief under the Mennonite Central Committee. He is associated with his father in the greenhouse business at Smithville, Ohio.

The Board of Directors also elected, as vice-president of the Association, Leland Bachman 38, former pastor of the Morton, Illinois, Mennonite congregation, thus placing another of the "younger" alumni on the Executive Committee. Mr. Bachman has had extensive experience in C.P.S. administration and in practical bookkeeping. As assistant field secretary of the College he has opportunity for wide and intimate acquaintance with the constituency. He is under appointment as Comptroller of Goshen College and will assume the duties of that office during the course of the coming year.

Younger minds and new "blood" in key positions should mean an aggressive program of alumni activities thus enabling the Association to foster and promote alumni friendships and fellowship and to render greater service to the College and her constituency.

The Golden Anniversary Directory of Goshen College Alumni is receiving the final editorial touches before going to press.

If you have changed your address or your occupation in the past two years be sure to write a card supplying the following information: your name, your full address, your present occupation including the official name of your present job, degrees earned at Goshen College and at other schools or colleges, type of service during World War II and rank, title, or position; if married, also, name of husband or maiden name of wife.

"You" means not only graduates but all former students including students enrolled part-time, evening school, summer session, Winter Bible term, 1943 Relief training school—in fact all students ever enrolled in Goshen College. To be sure that the information regarding "*You*" is complete and correct, send that post-card today.

Do not take for granted that we know all about you. Send that card today "or else"—or else you and your friends will be disappointed that the Directory prints incorrect or inaccurate information about you and we shall be embarrassed for the same reason.

We aim to print complete, accurate information in the Directory. But in thousands of cases we do not have it and we do not know where to get it. So, send that card today! Send information, not only about yourself, but about your son, father, mother, sister, brother, daughter, nephew, niece, friend, grandmother or grandfather who was a former student at Goshen College or the Elkhart Institute.

ALUMNI STRIVING TOWARD GOAL

NEED NINE THOUSAND MORE BY AUGUST 31

Alumni donations to the Auditorium-Gymnasium fund totaled $4,302.56 for the period beginning April 17 and ending June 12. Contributions have been received from 185 alumni during this period. Names of all contributors since September 1, 1946, will be printed in September.

Five, ten, twenty-five, fifty and one hundred dollars continue to be the popular amount of a single donation. Two donations exceeded $100.00, one for $300.00 and one for $350.00. Ten alumni have contributed $100.00, seven $50 00, three between $25.00 and $50.00, thirty-three $25.00, twenty-three between $10.00 and $25.00, fifty-two $10.00 and thirty-five $5.00. With slightly more than two and one half months to go, alumni have contributed approximately $17,000.00 of the $26,000.00 which the Board of Directors set as a goal last September.

The fiscal year ends August 31, 1947. We can raise the remaining $9,000.00 if one thousand alumni who have never contributed before, and if four hundred who have contributed in former years but have not made a contribution this year, will send in their donation before August 31.

There are two good reasons why alumni should contribute to the work of their Alma Mater. First, the work of Goshen College, as demonstrated by

FOREIGN STUDENT CONFERENCE

Foreign students attending Mennonite and Brethren in Christ Colleges in the United States met for a conference on the Goshen College campus on May 9-11. Dr. Lloyd Ramseyer of Bluffton College and also president of the Conference of Mennonite and Affiliated Colleges, also met with the group and gave one of the principal addresses.

Members of the Goshen College faculty serving on the local committee on arrangements were Professor Roy Umble, Dean Levi C. Hartzler and Dean Viola Good. The student committee was Lenze Meinsma of the Netherlands, Gladys Kemp of Lebanon and Adolfo Comba. Jan Matthijssen, president of the Goshen College Intercultural Group was also active in planning the conference.

Plans are under way to bring a number of foreign students to the campus next year. Tentative plans have been made to admit students from France, Holland, Belgium, Puerto Rico and Lebanon. Students who were enrolled at Goshen in 1946-1947 and who expect to return in September, 1947 are Adolfo Comba, of Italy; Willy Piron, of Belgium; and Jan Matthijssen of Amsterdam. Adele Haddad, of Lebanon, who was enrolled at Goshen last year, is transferring to Indiana University to do advanced work in economics and political science.

A Group of Foreign Students and their Sponsors at the Home of President and Mrs. Miller

the service being rendered by alumni, proves the College a worthy recipient of the Christian's tithe money. Second, each alumnus should demonstrate his loyalty to his class as well as to his Alma Mater by boosting his class total and raising the percentage of the number of his class who have made contributions this year.

August 31 is the deadline. All contributions received before that date will be acknowledged in the lists printed in September. The lists will contain the number of persons in each class, the names of those who have contributed, the total amount contributed by the class and the percentage of contributors in the class. Don't let your classmates down. Send that contribution now, either to President Miller or to the Alumni Association Office at Goshen College.

DIRECTORY GOES TO PRESS SOON

Final Call for Addresses and Occupations of Alumni

In looking over the class lists of alumni to be included in the **Golden Anniversary Alumni Directory** the editor finds that many addresses have changed during the last two years and many alumni have engaged in new occupations. This is especially true of young men who had been called to the service of their country and also of young women who have been teaching or who have been engaged in some kind of service during the war but now have taken up homemaking or some other steady employment.

To make sure that your name, present address and occupation are listed correctly in the **Golden Anniversary Directory**, mail a card to the following: Alumni Directory, Goshen College, Goshen, Indiana. Please attend to this little matter now before you forget it.

Remember that the editor is working on something like ten thousand names, addresses and occupations. Unless you cooperate, mistakes and omissions are bound to occur. If you will supply your own address, just one, you will not only ease the editor's task, but you will be certain of being listed correctly in the directory.

ALUMNI REUNION OF THE CHICAGO BRANCH OF THE GOSHEN COLLEGE ALUMNI ASSOCIATION

On February 15, 1947, fifty-two alumni and friends met at the Harriet McCormick Y.W.C.A. for the annual reunion of the Chicago Branch.

Doris Wade 46, of Sterling, Illinois, rendered two vocal solos: "With Verdure Clad," from Haydn's **Creation**, and "Let's Be Friends," by Strauss.

Dr. H. S. Bender 15, guest speaker, gave an address on conditions in Europe as he found them during his recent visit. Two piano selections, "Menuetto" from Haydn's **Eleventh Symphony** and "Theme" from Schubert's **Unfinished Symphony** were played by Mrs. C. Richard Yoder (Edith King 40) and Mrs. Earl Lehman (Areta Graber 44).

Professor J. M. Kurtz 01 was chairman of the nominating committee. The following officers were elected: president, Dr. C. Richard Yoder 37; vice president, Dr. C. O. Hershey 14; and secretary-treasurer, Doris Wade 46. After Dr. Yoder requested his release since he plans to leave the city within a year, Dr. Maurice Burkholder 39 was elected president. The meeting ended with the singing of the college song, led by Dr. Burkholder.

CHANGED REQUIREMENTS FOR ADMISSION TO LAJUNTA SCHOOL OF NURSING

The last week of March Maude Swartzendruber R. N. 37, and Nora Miller R. N. 39, made a trip to the Colorado State Board of Nurse Examiners office in Denver to consider new curriculum plans for the La Junta Mennonite School of Nursing to cover the inadequacies of science laboratory facilities. They were granted permission to proceed with the plan of obtaining the basic science courses at Mennonite Church colleges.

The School of Nursing will continue to give the basic science courses at La Junta as previously during the year 1947-1948. Beginning with the class to be admitted in the fall of 1948, all entering students will be required to have completed, prior to admission, a pre-nursing course consisting of one year (two semesters) of college work.

Hesston College, Hesston, Kansas, and Goshen College, Goshen, Indiana, have made provisions to begin the pre-nursing program in the Fall of 1947, to prepare applicants to be admitted into the Nursing School at La Junta in the Fall of 1948.

SUMMER SESSION 1947

The enrollment for the 1947 summer session beginning June 10 and ending August 8 sets a new attendance record, one hundred ninety-four students, ninety-six men, ninety-eight women. The enrollment in 1945 was one hundred six and in 1946 one hundred forty-seven.

LeRoy Yoder MA, Ball State Teachers' College, principal of the Honeyville schools, taught two courses, one in the first spring session May 19-June 6 and the other in the second spring session June 10-June 27.

Ten regular instructors: Samuel A. Yoder 28, John Umble 05, Carl Kreider 38, S. W. Witmer 14, Glen R. Miller, Olive G. Wyse 26, John C. Wenger 34, John Mosemann, Silas Hertzler 13 and Viola M. During the second week of the summer session, June 17-22, a Missionary Training Institute was held on the campus, under the auspices of the Mennonite Board of Missions and Charities. J. D. CLASS OF 1947

Goshen College is becoming accustomed to breaking records in the matter of enrollment and number of graduates, but this year's graduating class of 110 is by far the largest of any ever graduated from the institution. Sixty-nine degrees were conferred by President Miller on June 9 and forty-one will be granted on the completion of prescribed requirements at the end of the summer session.

The class is unusual in several other respects. In the first place two of the graduates have spent long periods of service on the foreign field. Reverend Calvin Franklin Snyder, son-in-law of the late Daniel Brenneman, founder of the M. B. C. Church, served for forty-five years on the mission field in China. He was granted the A. B. degree. Bishop George J. Lapp, who served for forty years in the American Mennonite Mission in India, received the degree, Bachelor of Divinity, forty-five years after his graduation from the normal course at the Elkhart Institute.

Two brothers, D. Paul Miller and Dennis D. Miller, and three other men, Clarence Burck, Howard Kauffman, and Lester Zimmerman spent four years, the time of an entire college course, in C. P. S. Four others, Albert Buckwalter, Daniel Diener, Art Weaver, and Herman Wiebe spent from three to three and one half years in the same service. Ernest Bennett gave two years. Four members of the class are G. I.'s.

Two are foreign students: Gabriel Coll y Torres, of Rio Piedras, Puerto Rico, and Immetje Terwey, of Amsterdam, Netherlands. Another, Eunice Litwiller, of Bragado, Argentina, speaks Spanish as her native language.

Thirty members of the class are married: Harold Bauman, H. Ernest Bennett, Wayne H. Brenneman, Clarence R. Burck, Dellos O. Chiddister, David F. Derstine, Daniel H. Diener, Dorsey E. Eash, Lucille Mae Graber (now Mrs. Harold Swartzendruber), Calvin L. Holderman, Rev. William E. Hughes, J. Howard Kauffman, A. Ralph Kline, George J. Lapp, Earl S. Lehman, Millard C. Lind, Verne D. Lucy, Owen F. Mendenhall, Dennis D. Miller, Ernest Edward Miller, Gerald B. Miller, Alvin J. Regier, Roy D. Roth, Richard Lee Showalter, Calvin F. Snyder, Robert E. Stump, Arthur Weaver, John Otis Yoder, Paul E. Yoder, and Alvin V. Zeiset.

This class also numbers among its members the first graduates with the degree, Bachelor of Divinity, granted on completion of three years of graduate Bible in addition to the regular four year course in liberal arts. Four students were granted this degree on June 9 and a fifth will receive it at the end of the summer. Following is a complete list of the graduates receiving the various degrees, the date on which the degree is to be conferred, the post-office address, and, in the case of the B. A. graduates, the undergraduate major.

THE ALUMNI NEWS-LETTER

Honor List of Alumni Contributors

During the fiscal year beginning September 1, 1946, and ending August 31, 1947, Goshen College alumni again have demonstrated their loyalty to their Alma Mater and their interest in the ongoing program of the institution. Although the goal of $26,000.00, set by the Board of Directors of the Alumni Association was not quite realized, President Miller and the officers of the Association are highly pleased with alumni support of the financial program of the College.

During the past twelve months Goshen College alumni have contributed $22,239.34. This is the largest amount ever contributed by the alumni in any one year. The Board of Directors had hoped to raise one thousand dollars as part of the current operating budget of the College and twenty-five thousand dollars for the Student Center, that part of the new building designated as recreation room, bookstore, cafeteria, and snack shop.

Within the next few weeks the College will issue a special bulletin outlining the financial campaign for the coming year.

The Board of Directors of the Alumni Association again have adopted a budget of $26,000.00 for the fiscal year beginning September 1, 1947, and ending August 31, 1948: $1,000.00 toward the current operating budget of the College and $25,000.00 on the building program. They also have adopted as a slogan for the coming year, "Let's Finish the Auditorium-Gymnasium in 1948!"

The total amount needed for erecting the Auditorium-Gymnasium has not been raised, but it is the hope and belief of the Board of Directors of the Association and also of the administration of the college that, if everyone puts his shoulder to the wheel in a final cooperative effort, the money can be raised and the building become a reality by the end of 1948. Orus Eash x38 of the firm Bauer and Eash, Architects, who have drawn the plans and are supervising the construction of the building, stated recently that barring any unforeseen difficulty he expected to see the building completed by December, 1948.

President Miller plans to begin construction with the pouring of the concrete footings this fall and, unless building conditions fail to improve, to push forward to completion next spring and summer.

THE PRESIDENT'S CORNER

I would be remiss in my duty as the new President of your association if I did not first recognize the splendid accomplishments and the loyal effort of our immediate Past President. Professor John Umble has been in the center of alumni affairs as long as I can remember. He did an excellent job last year in presenting the needs of Goshen College to all of us alumni. The list of donors for the past year is proof of this effort and is also proof of the fact that Goshen College has many loyal alumni who will give to her cause if the need is shown. For these gifts each of you donors have my thanks and the thanks of all others interested in the welfare of Goshen College.

This year we shall go on! Professor John Umble has consented to serve as Director of Alumni Relations for Goshen College. This is a new position which looks forward to the time when the College will have a full time Director of Public Relations. Professor Umble's duty will be to see that all Alumni are kept fully aware of the needs of Goshen College and how each one can make his contribution.

We hope during the year that we may hear more from the Directors of our association who live away from Goshen. We hope there will be more interest in regional alumni meetings since we can now travel more freely. We hope that each alumnus will put forth some thought on how he can broaden and intensify the interest in Christian Education and particularly in Christian Education at Goshen College. During the past years we have had few if any Sunday School Classes, Literary Societies, Young Peoples groups who have made a project for their organization to help support Goshen College. Would not this be a good and worthy cause for any youth group?

The Executive Committee has agreed to pay fitting tribute at the end of this year to one or more Alumni who during the year have given unusual service in some way related to the interests of Goshen College.

With the help of the Alumni Officers and the entire Alumni Family we will go forward during this year to raise our goal of $26,000.00 for Goshen College—$25,000.00 for the Auditorium-Gymnasium and $1,000.00 for current operations. Our slogan is "Let's Finish the Auditorium-Gymnasium This Year." Considering the great need for this building at Goshen at this time, we can do no less.

Clifford P. Martin, President

EDITORIAL CHAT

The response of Alumni to the appeal for funds for the construction of an Auditorium - Gymnasium is very gratifying. The spirit in which these gifts are given means a great deal to the administration of the College and to the officers of the Alumni Association. Here are two typical expressions: "I wish I could more adequately show my appreciation of what the college did for me in the beginning of my teaching career. I hope to do more in 1948." "May I also express my appreciation to Goshen College for all that it has done to me and what it means to me now."

PLANS FOR THE PROPOSED AUDITORIUM-GYMNASIUM

Alumni will be interested in the accompanying etching of the architects's drawing of the floor plan of the proposed auditorium-gymnasium, giving the details of the plan.

If the reader will turn the page so that he looks at it horizontally, he can see the main outlines of the building at the right and bottom of the etching. The main part of the building at the right is the auditorium-gymnasium with seating space for approximately 2500 people. The same space can be utilized for a regulation basketball court with bleachers on the sides providing seating space for approximately 700 people. This space can be divided into two smaller practise courts, one for men and one for women. The two floors will be separated by a steel folding partition.

At the right of the auditorium-gymnasium is shown the space for chair storage and locker rooms for women. In the front part of the main building is a large lobby with cloak rooms sufficient for 1200 guests.

At the left of the lobby is the recreation room and beyond that, still farther to the left, is the Student Center containing book store, cafeteria, snack shop and kitchen. The inset at the lower left of the etching shows the basement for storage under the snack shop and cafeteria. The inset at the upper left of the etching shows the excavation under the stage and lockers for men, also in the basement.

The front part of the building facing South Main Street is 298 feet long from the left (or north) side of the building to the extreme right (or south) side of the building. The over-all length of the main part of the building from east to west will be 216 feet and the over-all width, 144. The recreation room will be 44 by 88 feet and the cafeteria and snack shop 34 by 92 feet.

FACULTY RETREAT

Twenty-nine members of the administrative and instructional staffs of Goshen College, accompanied by forty-four members of their families, spent the Labor Day week-end, August 30-September 2, at Little Eden Camp near Onekema, Michigan, in preparation for the work of the coming school year.

Some members of the staff and their families occupied the commodious, nicely furnished log cabins. Others preferred rooms or apartments in the hotel. Meals were served by the regular camp staff in the hotel dining room. The time was spent in meditation and prayer, in recreation and fellowship, and in study and discussion of new opportunities and responsibilities.

On Saturday evening after a period of group singing led by Miss Mary Oyer, Professor Willard Smith related his vacation experiences on a ten-thousand-mile motor trip over the route of the Mormon trek to Salt Lake City and over the famous Oregon Trail. Dr. H. Clair Amstutz, college physician, showed Kodachrome slides of Puerto Rico where he has been engaged in medical relief work for the past three years.

The Sunday morning worship service and the Sunday School hour were held in the chapel of the hotel. On Sunday evening the group enjoyed a picnic supper on the shores of Lake Michigan and a sunset prayer service led by Irvin E. Burkhart, field secretary, on a dune overlooking the lake.

High points of the remainder of the retreat were the three periods of Bible exposition by Professor John H. Mosemann, the closing meditation conducted by President Miller, and three addresses: "Trends in Contemporary Mennonite Education and their Implications for Us," by President Miller; "The Challenge of Teaching Students with Widely Varying Religious Backgrounds," Professor Paul Bender; and "What It Takes to be a Christian College Teacher," Dean Carl Kreider.

ENROLLMENT

Registration for 1947-48 again has broken all previous records. On September 5, at the beginning of Freshman Days 597 students had been admitted and 10 additional applications still were in process. Students admitted included 331 of last year's students continuing, 24 former students re-admitted, 226 new admissions and 16 continuing from the 1947 summer school.

An interesting feature of these figures is that 321 of the students already admitted were men and 276 women. Of the 10 students still in process of admission, 5 were men and 5, women.

Of the 597 students admitted, 12 are Fifth year or Th.B. students, 88 Seniors, 115 Juniors, 174 Sophomores, and 208 Freshmen. In addition to these, 8 students already have registered for part-time work.

Three hundred eighty-nine of the students already admitted were registered in the Liberal Arts curriculum, 71 in Education, 34 Nursing, 16 Secretarial, 28 General Education, 2 one-year Christian Workers Course, 11 Two-year Bible, 46 Th.B., and 8 part-time.

Nearly 71% (423) of the students are members of the Mennonite Church, and 61 of related branches of the Mennonite Church. Ninety-eight are non-Mennonite and 7 specify no religious affiliation.

New applications for admission were arriving in the registrar's office and students from the "in process" list were being shifted to the list of admissions as rapidly as their applications could be completed and processed.

No students were bing admitted unless housing arrangements could be certified by the Dean of Men or the Dean of Women. Two hundred and seven men had been placed in the men's dormitories, 199 women in the two women's dormitories (Kulp Hall and Coffman Hall). Thirty-two students will be rooming in apartments, 120 at home and 38 in private homes.

As we go to press, two hundred nine freshmen are participating in the bewildering, but happy experiences of Freshman Days, taking tests, getting acquainted, and being oriented to the academic, religious and social life of the College.

After a term of nearly three years of service in Puerto Rico, where he served as medical director in the health program at La Plata, Dr. H. Clair Amstutz 33, college physician, returned on August 7. Dr. and Mrs. Amstutz (Florence Badertscher 35) and their family are living in Dean Bender's home during the absence of Dean and Mrs. Bender in Europe. Brunk 15, several years ago.

First Goshen Alumni Missionaries to China

The office of the Mennonite Board of Missions and Charities of Elkhart, Indiana, announced in July that plans for the opening of mission work in China are maturing rapidly. It is becoming more and more clear that the field in China will be in the Hochwan district, about fifty miles east of Chungking and centered around Hochwan, a capital city of two-hundred and fifty thousand population.

The missionaries under appointment to China plan to sail on the S. S. Marine Lynx from New York on September 12. Their itinerary takes them via Havana, Cuba, the Panama Canal, and Los Angeles, arriving in Shanghai, October 11. Names of this first group of missionaries to China are Mr. and Mrs. Don McCammon 45, (Th.B. 46) (Dorothy Snapp 44) formerly of Manson, Iowa and Bristol, Indiana) and Louella Gingerich R. N. 47, formerly of Wellman, Iowa, Christine Weaver 44, dietitian formerly of Elkhart, and Ruth Bean 47, formerly of New Dundee, Ontario.

During the past eighteen months Mr. and Mrs. McCammon have been studying at the School of Linguistics at Norman, Oklahoma and at Cornell University. At the latter place they studied the Chinese language and some courses in agriculture and home economics.

Following her graduation from Goshen College Miss Weaver spent a year as a dietitian intern at the University of Minnesota. Since that time she has been the college dietitian and instructor in home economics. Miss Gingerich, a registered nurse, has been serving as one of the college nurses while completing the work for her Bachelor's degree. Miss Bean has been spending the past summer in the School of Linguistics at Norman, Oklahoma.

Mr. McCammon was ordained to the Christian ministry in the regular morning worship at Goshen College on Sunday, August 17. He was ordained by Bishop Sanford C. Yoder, president of the Mennonite Board of Missions and Charities, assisted by Bishop Joseph D. Graber 25, secretary of the Board, and Bishop Paul Mininger 34, pastor of the North Goshen Mennonite Church.

Professor Good Writes Text Book

Professor Harry G. Good 08, professor of Education at Ohio State University, is the author of a new text book on the history of education. This illustrated volume of 575 pages, entitled "A History of Western Education," was printed this year by the Macmillan Company, New York, and sells for five dollars. Professor and Mrs. Good (Maude Wayne 08) are living in their own home at 341 20th Avenue, Columbus 1, Ohio.

Relief Worker in Hungary

Howard Blosser 39, formerly of North Lima, Ohio, who spent the period from August 28, 1941, to December 11, 1945, in C. P. S., has been engaged in European relief for the past eighteen months. His schedule was somewhat as follows:

February 1945 Called to MCC office at Akron

April 3 Arrived in Genoa, Italy, to serve in Jewish refugee camps under UNRRA

April Survey of needs in Waldensian Villages

May Assistant Welfare officer and aid to the commandant in a Jewish refugee camp at Santa Maria di Leuca

February, 1947 Distributing material aid at Ione Pelice

January 1947 Notified of appointment to Hungary

May 3 Arrived at Budapest to set up a material aid program.

Regarding the Jewish refugees, Blosser writes: "With these people I had very close dealings and made some good friends. From them I learned much of the sad story of the Jews during the war. From these stories I learned to understand why working with these people was such a problem. To explain it shortly, they were mostly young people who had not completed formal school but had learned in the most vicious school, that of the concentration camp. They had learned how to live by their wits, to lie, to steal, to kill, if necessary, to enable themselves to survive and many had lost all moral restraint and must learn again how to live among a normal social group. My job was to help them learn."

He predicts that lack of food and clothing in Hungary, ravaged by the Germans and looted by the Russians, will cause intense suffering during the coming winter.

Mr. Blosser's address is c.o. Allied Central Commission for Hungary, A. P. O. 777, c.o. Postmaster, New York City, New York.

Educational Advisor in Germany

From February 1 to May 1, Allen Y. King 22 served as Expert Consultant to the military government for Germany and Austria (American zones). He was advisor to the officials of the military government (especially in the Education and Religious Affairs Branch) and to German educators, on the redirection of German Education in the field of Social Studies.

Mr. King served as chairman of the Social studies Committee of Seven. Although stationed in Berlin about two-thirds of the time he made two trips into the zone and spent one week in Vienna. He states that his work in Germany was the most challenging, interesting and in many ways the most discouraging educational experience in his career.

He received three outstanding impressions: (1) The utter destructiveness of modern war—physical, economic, social and spiritual. (2) The psychological devastation of a dictatorship: the suspicion, fear, hatred, it arouses. (3) The failure of the old German educational system, developing as it did, highly skilled craftsmen, mathematicians, and scientists, but leaving people socially illiterate and politically incompetent without an understanding of other peoples.

Annual Eastern Pennsylvania Alumni Dinner

One hundred and one alumni and friends assembled at the Hotel Brunswick in Lancaster on April 26 for the annual dinner. Alumni were present from as far west as Gettysburg, as far north as Bloomsburg, and as far east as New Jersey. Several Alumni were present from points in Maryland. J. D. Graber 25, reviewed the political, economic, and religious conditions in various countries he visited in his trip around the world. Leland Bachman 38, newly appointed comptroller of the college, gave an address on "Culture for Service." Officers elected for the coming year were Abram Hallman 31, of Akron, Pennsylvania, chairman; and Howard Musselman 29 of Orrtanna, Pennsylvania, secretary-treasurer.

Regional Alumni Reunion

On August 28 about sixty northeastern Ohio alumni and friends were present at a Goshen College reunion at the home of Mr. and Mrs. Millen Nussbaum (Idella Zuercher 34) at Kidron, Ohio. Mr. and Mrs. Edward Gerber 33 Marion Wissemann 34) of Sugar Creek, Ohio, assisted Mrs. Nussbaum in planning for the event. On account of several conflicts with other meetings in connection with General Conference, the attendance was smaller than anticipated, but the group spent a very enjoyable time together, appointed a nominating committee, and elected the fellowing officers for next year's reunion: president, Francis Smucker 37, of Orrville; vice-president, Mahlon O. Krabill 22, of Louisville; secretary-treasurer, Wilma Lehman 43, of North Lima, and assistant secretary—treasurer, Mrs. Millen Nussbaum.

An Interesting Comparison

Two letters received from two class presidents (class of 1931, and class of 1945) during the past few weeks, contained some interesting statistics. Of the 32 members of the class of 1931, 29 were granted the Bachelor of Arts degree and 3 the Bachelor of Science in Education. Of these, 15 are in the field of education, 7 are home-makers, 2 farmers, one a salesman, one an office worker, one a chiropodist, one an M. D., one superintendent of an orphanage, one the wife of a missionary, and 2 deceased.

The class of 1945 contained 40 students receiving the degree, Bachelor of Arts, and 10 the degree, Bachelor of Science in Education. Of these, 18 are or have been teachers. Seventeen are ministers of the Gospel, 4 are ministers' wives, 6 are teaching in Church schools, 4 are foreign missionaries, 3 pre-meds, 3 nurses, 3 musicians and one is in the Army. Secretary, editor and farm account for the remainder.

Ellis M. Hostetler, principal of the Mentor, Ohio Schools, and president of the class of 1941, has succeeded in keeping a circular class letter alive for sixteen years. Laurence Horst, of Hesston, Kansas, president of the class of 1945, has sent out a call setting September 27 as the dead line date for the next class letter. Letters are sent to him to be mimeographed and mailed to the members of the class. His letter closes with the statement "one letter to me before September 27 means you will receive 40 back."

CLASS LETTER OF 1936

When the class of 1936 held a reunion at commencement a little over a year ago, the members decided to start a class letter of the new type being sponsored by a number of the recent classes. They appoinied Misses Lois Winey and Lois Gunden and Mrs. Carl Kreider (Evelyn Burkholder) as a committee to send out the notices, receive the letters, mimeograph them and mail them to members of the class.

The committee mailed notices to all Alumni, both graduates and nongraduates, who had ever been members of the class, either during the Freshman, Sophomore, Junior or Senior years—a total of ninety-eight letters. They received twenty-four replies, mimeographed them and sent them to all the members of the class whose addresses were known. Even after the dead line Miss Winey continued to receive letters. Some members had been on a vacation; some had had the notices forwarded to them by roundabout mail. Many who were missed in the first letter plan to send a letter to the second edition of the class letter.

The new type of class letter is becoming popular. Very few of the old type letters continue for more than a year or two. The class of 1931, mentioned elsewhere in this issue, is a notable exception. The 1931 circular letter still makes its rounds about every year or eighteen months.

Special notice to members of the class of 1936. Miss Winey states that copies of the 1936 class letter mailed on July 31, 1947, are still available and that she will be glad to mail them to any member of the class. She also states that if any members of the class who were missed in the first letter will write to her, she will be glad to inform them when the enclosures for the next letter will be due in Goshen.

TABULATION OF ALUMNI DONATIONS

The following table presents in outline form the number of contributors in each class, the total amount contributed by the class and the average contribution.

Several problems have arisen in connection with crediting donations to a given class. In those cases where both husband and wife are members of the Association, half of the contribution has been credited to the husband's class and half to the wife's. When husband and wife were graduated in the same class their donation was recorded as a single contribution.

Another problem was the crediting of contributions of summer school students and Winter Bible School students. These contributions are credited to the class graduating in the first year of the student's attendance at Goshen College. For instance, the contribution of a Winter Bible School student who first attended Goshen College during 1900 would be credited to the class of 1900 unless the student subsequently attended College as a member of a regular academy or college class.

In a few cases where only one member of a class made a contribution, the amount contributed is omitted, in line with the promise made during the year that the amount of no individual contribution would be divulged.

ANNUAL HOME-COMING 1947

The annual Home-Coming Program, arranged by the Social Committees of the "Y" under the leadership of co-chairmen Paul Witter 48, of Navarre, Kansas, and Esther Shank, of Goshen, and a committee of the faculty with Professor Willard Smith as chairman, will be held as usual over the Thanksgiving weekend.

One important change is necessary. The annual Home-Coming lecture, traditionally presented on Friday evening, has been postponed to Saturday evening in order to avoid a conflict at the High School. The Home-Coming lecture will be, "Circling South America," illustrated with natural color motion pictures by the world famous American traveler, Herbert Lanks, the first man to drive a car through to the Straits of Magellan as well as to the Arctic Circle in Alaska.

On account of the large student body which not only crowds the campus but occupies many of the available rooms in the vicinity of the campus, Home-Coming visitors should make reservations before making the trip to Goshen. Visitors who plan to "shift" by "doubling up" in rooms are requested to bring sheets and blankets. Address all reservation requests and correspondence to Miss Viola M. Good, Dean of Women, or to Levi C. Hartzler, Dean of Men, Goshen College, Goshen, Indiana.

PLAN TO COMPLETE AUDITORIUM IN 1948

INTENSIVE FINANCIAL CAMPAIGN

As previously announced, the Auditorium-Gymnasium Building Fund had reached $175,000 on September 1, 1947, the beginning of the fiscal year. All elements in the constituency, the Mennonite church, Alumni, faculty and students, have decided that the need for the building is so immediately urgent that it must be finished during the year 1948.

Students Work and Donate Earnings

The Service Committees of the "Y", under the leadership of the co-chairmen, David Shank, of Goshen, and Mary Ann Hostetler, of Bihar, India, in cooperation with President Miller and other administrative officials, planned a two-day work period to assist in raising funds for the Auditorium-Gymnasium. The faculty voted to dismiss classes on September 25 and 26. Each student worked two days, some three, and turned their earnings into the building fund.

About three hundred students who already had part-time jobs spent the two days in full-time employment at their regular work. The Service Committee of the "Y", under the leadership of Paul Ervin Hooley, former relief worker in the Near East and Ethiopia, assisted by Miss Hostetler, and Art Moser of Peoria, Illinois, found work for more than two hundred fifty students.

EMPLOYED AT THE KUNDRED GLADIOLI FARM DURING THE TWO-DAY WORK RECESS

One of the interesting work projects was harvesting gladiolus bulbs at the Kundred Farm between Goshen and Elkhart. The bulbs were loosened in the ground by means of a tractor plow. The young women pictured above pulled the bulbs, cut off the tops, and placed the bulbs in containers. One of the Kundred trucks called for them at the College each morning and returned them to the College in the evening loaded with armfuls of beautiful blooms that decorated offices and rooms for a week afterward.

Standing, left to right: Mildred Rutt, Millersville, Pennsylvania; Freda Litwiller, Minier, Illinois; Anna Ruth Nafziger, Hopedale, Illinois; Lorene Nafziger, Hopedale, Illinois; Ida Rosenberger, Souderton, Pennsylvania; Fern Hershey, Troy, Ohio; Helen King, West Liberty, Ohio. Seated: Miriam Musselman, Gettysburg, Pennsylvania; Vesta Moyer, Souderton, Pennsylvania; Tineke Spuijman, Vlissingen, Holland; Gertrude Gassmann, Cleebourg, Bas-Rhin, France; Joyce Long, Sterling, Illinois; Betty Moyer, Perkasie, Pennsylvania; Irma Alderfer, Souderton, Pennsylvania; Leona Parmer, Greencastle, Pennsylvania.

The two-day recess received considerable publicity. Columns of print and large front page pictures of students at work appeared in Goshen, Elkhart, and South Bend papers. The following Associated Press release bearing a Goshen dateline appeared in dailies across the country from Washington, D. C., to Kansas City, Kansas: "Goshen College students substituted liniment for midnight oil last night and then began a second day of tomato picking and potato digging today for the greater glory of alma mater. The 500 students were given an official two-day leave to work on Indiana and Ohio farms to raise funds for new Gymnasium-Auditorium. The students voted unanimously to give their earnings to the building fund."

Work was of many types. Thirty men and women picked and canned tomatoes for the LeChoy Canning Company at Archbold, Ohio, and five girls served as waitresses serving lunch at the 4-H Club calf sale at the same place. Twenty-eight students went to Albion to pick tomatoes and twenty-seven men picked apples and peaches at the Kercher Orchards. Other jobs included pouring cement, picking and sorting tomatoes, filling silo, work at the Pine Manor turkey ranch, remodeling the Pleasant View Church and doing secretarial work at New Paris and Elkhart.

Some thirty students worked on the campus under the supervision of Miss Phyllis Roose, Mrs. Laura Weaver, Roman Gingerich and C. L. Graber. Eighteen girls were employed at the Clapp Baby Food Plant in Elkhart. The financial income from the work project has not been tabulated as we go to press, but the total will run into the thousands. One employer, John C. Raber of Bristol, Winter Bible Student in 1925, employed five men for two days and six men for the third paying them ten dollars a day and giving each man an additional ten for the College for each ten that he earned.

New Plan for General Solicitation

The Mennonite constituency also is taking an active interest in completing the building in 1948. Under a new plan the financial campaign is inaugurated under the sponsorship of the ministry, but much of the solicitation will be done by Mennonite laymen in the various Mennonite communities. The Indiana campaign was launched on September 24 when sixty Mennonite laymen gathered in the college dining hall for a dinner meeting. Committees of laymen were appointed to supervise the campaign in each community, and the Indiana campaign began on October 19 with simultaneous solicitation in congregations.

In each state the campaign is first planned with the ministers of the various congregations. From October 6 to 9 Leland Bachman, newly appointed Controller of the College, visited all the Mennonite ministers in Illinois to secure their cooperation in planning for the campaign in that state. Illinois laymen plan to hold a dinner meeting in November to appoint committees for each community.

For a number of reasons it was deemed advisable to postpone the campaign in Ohio until next spring. Ohio ministers and laymen, however, already have expressed interest in the new method of conducting the financial campaign.

Alumni Plan to Participate

As stated in the September issue, the Executive Committee of the Alumni Association has set $26,000 as the goal for the present fiscal year, September 1, 1947, to August 31, 1948. One thousand of this amount is to help defray the current operating expenses of the College and the other $25,000 is to be contributed to the Auditorium-Gymnasium fund.

Alumni residing in Mennonite communities where the new plan for raising funds is being put into effect will cooperate with their local drives. All money contributed by alumni to the Auditorium-Gymnasium fund through any channel will be credited as having been contributed through the Alumni Association and will receive due credit in making up the annual "honor list" to be printed in the September, 1948, issue of the Alumni News-Letter. In order to be sure of recognition as "Alumni givers," Alumni at the time of making a contribution should instruct the solicitor to check the square on the receipt indicating that the person making a donation is an alumnus of Goshen College.

"Let's Finish It in 1948"

In all areas of the college constituency there is evident a determination to raise the remaining funds for the Auditorium-Gymnasium during the present fiscal year. The slogan adopted by the students for their work campaign was:

"Learn to labor—
And (not) to wait—
Let's finish it
In '48."

In a special bulletin issued by the administration of the College in October to assist the laymen in their campaign the slogan adopted was "Let's finish the Auditorium-Gymnasium in 1948."

Why Should Goshen Alumni Contribute to the Financial Program of their Alma Mater

The high goal of Goshen College is to help carry out the purposes of God in the world by enabling young people, through training for Christian service, to extend the borders of the Kingdom. There can be no higher motive than this for giving money to Goshen College because it includes all other worthy motives.

Viewed from this angle a donation to Goshen College becomes a part of Christian giving. Support of a Christian college deserves its share of the Christian's tithe. How large a share, is a decision for the individual conscience and the individual's consecrated judgment after the individual has sought Divine Guidance in his giving.

Alumni may hand their contribution to any of the College representatives in the field or they may send it to the Alumni office. Address John Umble, Director of Alumni Relations, Goshen College, Goshen, Indiana.

ALUMNI WRITE

One of the four associate editors (Melvin Gingerich 26) and six of the seventeen contributors to the July issue of **Mennonite Life** are Goshen College Alumni. Jesse N. Smucker 18, writes the leading article—on "Christian Fellowship." President Ernest E. Miller 17, describes "Little Eden Camp," located at Onekema, Michigan. Professor John C. Wenger 34, describes early Mennonite settlements in the Franconia district. Clarence Fretz 38, outlines "A Sight-Seeing Tour of Philadelphia." Mrs. Herman Andres (Joanna Sudermann 30) of North Newton, Kansas, contributes a poem, "My Children Have the Mumps." And, Mrs. Lester Hostetler (Charity Steiner 16) writes a review of Frances Lichten's delightful book, **Folk Art of Rural Pennsylvania.**

The magazine contains other equally interesting and valuable articles on phases of Mennonite life and culture. It is nicely printed on a fine grade of paper and profusely illustrated.

ANNUAL EVANGELISTIC MEETINGS

Bishop C. N. Hostetter, Jr., president of Messiah Bible College, conducted the annual series of evangelistic services in the College auditorium from October 5 to October 12. He is a bishop in the Brethren in Christ church and pastor of the Grantham, Pennsylvania, congregation in addition to being president of the College. His services as an evangelist were highly appreciated both by the student body and by the members of the College congregation.

As has been the custom in past years, the "Y" organized prayer meeting groups that met for one-half hour each evening before the meetings. The faculty and the members of the congregation also conducted a half-hour prayer service in Adelphian Hall prior to the service.

THAT GOSHEN SPIRIT

Two letters received recently, one by President Miller and one by the Alumni Office, come from our younger Alumni but express an idea compatible with the present campaign for funds to complete the Auditorium-Gymnasium in 1948. Both of these letters are from young teachers who occupy responsible positions in rather good sized high schools.

"One can never repay to Goshen College what one would like to. Goshen College has fulfilled my expectations in numerous ways. I believe that I can say that what I have gained spiritually has been my greatest asset. It is my prayer that every student who comes to Goshen may seek more fully to know Christ and then to find Christ in order to make Him known.

"This check is a part of some tithe money.

"For Christ's sake," . . .

The other gives a slightly different slant to Alumni giving.

"I have heard about the little work scheme of the College students to raise funds for the Auditorium-Gymnasium. It looks like a very good plan to me and although I now have to be listed in the Alumni group rather than the student body, I decided to do the same thing. Two days' work seems like such a little to give, but if everyone in our 1947 class would do that it would make a rather good looking sum. . .

"I would like to express my appreciation to you for all that Goshen College has done for me . . . I hope that my life may show for Christ and at all times uphold our Goshen Standards" . . .

ALUMNI NEWS-LETTER

The ALUMNI NEWS-LETTER of the Alumni Association of Goshen College, Inc., is published six times a year in the odd-numbered months as a regular issue of the *Goshen College Bulletin.*

SECOND V-PRES.: ....*Elvin V. Snyder* 27
SECRETARY: ....*Silas Hertzler* 13

FIFTH MEMBER OF EXECUTIVE COMMITTEE
Olive G. Wyse 26

Entered as second class matter, November 17, 1924, at the postoffice at Goshen, Indiana, under Act of August 24, 1912. Acceptance for mailing at special rate of postage provided for in Sec. 1103, Act of October 3, 1917, authorized November 1, 1924.

Printed in the U. S. A.

More and more Alumni, seeing the close connection between the work of Goshen College and the larger work of the Church, are devoting part of their tithe to Christian education at Goshen College.

The second letter calls for a little arithmetic. If each of the 108 graduates of the Class of 1947 would donate the same amount as the writer of the second letter above gave, the amount would total over twenty-five hundred dollars. If each of the other fifty-three classes would do the same there would scarcely be "room enough to receive it."

How about it, Alumni?

Goshen College - Goshen, Indiana

Entered as second class matter, November 17, 1924, at the postoffice at Goshen, Indiana, under act of August 24, 1912. Acceptance for mailing at special rate of postage provided for in Sec. 1103, Act of October 3, 1917, authorized November 17, 1924.

Enrollment Trends

For the second successive year, Goshen College, along with other colleges in the country, is experiencing a very substantial increase in enrollment. The present total of full-time students is 571 as compared to 501 a year ago. This year's increase, however, is not as large as last year's, being about a fifteen per cent increase over a year ago, as compared to a seventy five per cent increase last year. In numbers of students, this year's increase is about 70 as compared to last year's increase of about 200. It should also be noted that the second semester of last year showed an increase of about 20 over the first semester. That is, there are about 50 more students in Goshen College this fall than there were last spring.

In addition to the 571 full-time students, there are also 73 part-time students to make a grand total of 644. These part-time students are equivalent to 20 full-time students, counting fifteen semester hours of study equivalent to one full-time student, which makes an equivalent of 591 full-time students who receive instruction in classes. This figure compares to 519 for last year's full school year. To provide the instructional and counseling services to these students, there is now provided at Goshen College an academic staff equivalent to 37.5 persons, which is four more than last year. Thus the student-faculty ratio now stands at 15.8, which is slighty higher than last year's ratio of 15.5.

Some tentative forecasts as to future enrollments at Goshen College might be valuable at this time. Using the experience at Goshen College in the retention of students from one class to the following class in successive years for the past ten-year period, and assuming that the new freshmen class will each year be about the same as at present, it is estimated that the enrollment over the coming few years will remain at about the present total figure of 600. The distribution by classes would be about as follows: freshman 200, sophomore 140, junior 120, senior 120, fifth-year theology 20. Since this total of 600 is considered to be the maximum number of students that can now be accommodated at Goshen College, it is obvious that it must not be exceeded, even if it becomes necessary to refuse admission to some applicants. According to the above argument, however, it appears that this will be about the normal number of college students from the Goshen College constituency.

Mennonite patronage of Goshen College has increased notably with the present school year. Mennonite students, those belonging to the branch of the church operating Goshen College, now number 407, or an increase of 75 over last September's figure of 332. This increase more than makes up the total increase of Goshen College students, which stands at only 70. The percentage of Mennonite students now stands at 71.3 per cent, as compared to 66 per cent a year ago. Counting students of all Mennonite branches, the total stands at 467 students, which is 81 per cent of the total student body, as compared to 78 per cent a year ago. In addition to these students, who hold membership in the Mennonite church, there are also some other students, who were formerly members of the church or whose parents have some connection with the church, who should be considered as coming from the Mennonite constituency of Goshen College. This means also that Goshen College enjoys about the same patronage as last year from those with other than Mennonite religious connections. Many of these are students from the Goshen community who have chosen to attend Goshen College because they appreciate the Christian spirit of the school.

The increased Mennonite patronage is also reflected in the geographical distribution of students; Pennsylvania and Illinois each show very notable increases over last year, with Ohio showing again a small increase to more than maintain her very notable increase a year ago. Since students from these three states are mostly Mennonites, they account largely for the increase in Mennonite students.

Another factor, for which no exact data are available at present, contributing both to the size and stability of enrollment, is the fact that an increasing number of students are the children of former Goshen College students. This factor will probably become increasingly more significant in the coming years, and may well demand an enlargement in the facilities at Goshen College.

The number of men students returning to school after a delay caused by government service is much smaller than last year. The freshman class is about 53 per cent men as compared to last year's 60 per cent. Women still outnumber men in the junior and senior classes, but the total in the College shows about 53 per cent men. Occupational choices of freshmen also reflect the changed character of the incoming students. Religious work as an occupational choice is much below last year's very large number, which included many retiring CPS men. Medicine continues to be strong in choices. Engineering is below last year's large figure, which included many men returning from government service. Teaching, now first choice, shows a very much desired increase, stimulated no doubt by prospects for larger salaries in the teaching profession. Business shows a sizeable increase with 27 students, including secretarial students.

Many of the figures used in the above interpretation can be found in the tables printed at the end of this bulletin. These tables show also in greater detail various enrollment figures, both for the present and for previous school years.
